RECEIVED

NOTICE OF INCORRECT FILING RECEIPT

COMMISSIONER FOR PATENTS
Washington, D.C. 20231

Sir:

Enclosed herewith is a copy of a Filing Receipt received in regard to the above-captioned patent application. The listing of the first foreign application is incorrect. The "Foreign Applications" section should read as follows:

JAPAN 2001-011544 01/19/2001

JAPAN 2001-025505 02/01/2001

JAPAN 2001-160220 05/29/2001

as was indicated in the Declaration and Power of Attorney received by the Patent Office on January 9, 2002

Also, the title is incorrect. The title should read:

Color-separating and -recombining optical system
and projection display using the same

as was also indicated in the Declaration and Power of Attorney which was received by the Patent Office on January 9, 2002.

Therefore, the Applicants respectfully request that the Application Branch correct these errors and that any additional fees charged to this application be charged to the Deposit Account authorized by the Transmittal Sheet in the original filing of this application on January 9, 2002.

Should the Office care to discuss any of the foregoing in greater detail, the undersigned attorney would welcome a telephone call.

Respectfully submitted,

Edward G. Greive

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
